## SETTLEMENT OF COAL STRIKE APPEARS TO BE NEAR TODAY

Statement Given Out at White House  
Today Expresses Hope Pro-  
posal Will Be Accepted.

TO MEET IN INDIANAPOLIS

Attorney General Palmer to Arrive  
Late Today For Miners' Ses-  
sion—Grand Jury Held Up.

(By United Press.)

Washington, Dec. 8.—Although there was no official explanation to- day of the details of President Wil- son's proposal which has been ac- cepted by President Lewis of the United Mine Workers, it is said the plan does not include an increase over the fourteen per cent settle- ment previously agreed to.

The importance of the plan, it is assumed, lies in the asking for a commission to conduct the situation and work to prevent its recurrence. The miners would be assured of a wage readjustment, it is predicted. It is the commission's plan, it is understood, to influence Lewis to de- cide to urge acceptance of the pres- ident's offer.

In a statement issued at the White House today, hope for a settlement of the coal strike on Tuesday after- noon is held out. The statement said:

"It is hoped there will be a settle- ment on Tuesday afternoon between the miners, operators and the gov- ernment, through acceptance by the miners of a plan for definite settle- ment" proposed by the president which proposal was submitted to the acting president, John L. Lewis of the min- ers by Attorney General Palmer Sat- urday night.

Indianapolis, Ind., Dec. 8.—With the nation's industrial crisis slated for settlement here tomorrow, the government's probe into charges that coal operators and mine work- ers violated the Lever act, was or- dered suspended today until tomor- row.

Pending probable settlement of the coal strike, Judge Anderson dis- missed the grand jury and told the fifty witnesses called to testify to- day, to return tomorrow.

Attorney General Palmer was to arrive here this afternoon to confer with John Lewis, acting president, and William Green, secretary-treas- urer of the mine workers.

Palmer was to confer immedi- ately.

## WOULD USE ARMS TO ENFORCE PEACE TREATY

Sen. King Offers Resolution Giving  
President Power to Employ  
Forces if Necessary

PERTINENT QUESTION ASKED

(By United Press.)

Washington, Dec. 8.—A joint re- solution authorizing the president of the United States if necessary to use the American military, naval and air forces in co-operation with the allies to enforce observance of the peace terms by Germany, was offer- ed today by Senator King of Utah. The resolution was referred to the foreign relations committee.

King's resolution stated in the preamble that Germany is manifest- ing bad faith in regard to execution of the peace terms she has agreed to.

Senator Thomas of Colorado, democrat, asked King how the United States could consistently direct the enforcement of the treaty it has never ratified.

"Let's don't go into that now," Vice-President Marshall interrupted.

### Conservation of Coal To Continue in Indiana

(By United Press.)

Indianapolis, Ind., Dec. 8.— Conservation of coal continues in Indiana despite the belief that the coal strike is ended.

The railroads committee to- day asked its headquarters at Cincinnati to revoke the prior- ity order affecting the coal strike. The request was denied. This statement proves that the priority ruling is still in effect.

ly with District Attorney Slack and upon the result of this conference depends, whether the grand jury will conduct its investigation at all.

Lewis and Green had the gov- ernment's compromise submitted to them by Palmer at Washington after twelve o'clock Saturday night.

They will turn this over to a joint meeting of the governing bodies of the mine workers here tomorrow after- noon.

The trial of the mine leaders on charges of contempt, set for ten o'clock tomorrow, was postponed to- day until after the meeting. It is understood that the mine workers themselves will not agree to return to work until the charges are dis- missed against their chiefs.

### Shortage To Continue Acute.

Washington, Dec. 8.—The coal shortage will continue acute until January first even if miners' union wage scale officials in Indianapolis tomorrow vote to accept the settle- ment proposed by President Wil- son, it was predicted here today.

Railroad administration officials in charge of coal priorities are mak- ing plans based on this belief. Cur- tailment of train service will con- tinue several weeks and it is ex- pected that there may be an in- crease.

Meantime many plants and fac- tories must remain closed until their bins can be replenished.

Part time operation of stores and factories in many sections will be continued probably until after the beginning of the year.

## SEN. FALL RESOLUTION WILL NOT BE PASSED

Sen. Lodge Announces it Will be  
Dropped After President's Let-  
ter is Made Public

WILSON WRITES TO SEN. FALL

(By United Press.)

Washington, Dec. 8.—President Wilson today declared he would be "gravely concerned" to see any re- solution like Senator Fall's provid- ing severance of relations with Mex- ico, adopted by congress.

Immediately following receipt by Senator Fall of President Wilson's communication, Senator Lodge said that the Fall resolution was dead and that the foreign relations com- mittee would not take it up again.

Wilson further declared that the passage of the Fall resolution would "constitute a reversal of our consti- tutional practice which might lead to very grave conflict in regard to the guidance of our foreign affairs."

The president advice on the res- olution was submitted in the form of a personal letter to Senator Fall.

### REVIVAL THIS WEEK

Evangelistic services will be held each night this week at the Orange Christian church with the Rev. A. H. Shreve of Connersville in charge. The public is cordially invited to attend each service.

## BREAK LARGE PLATE GLASS

Boys Scuffling in Front of Jewelry  
Store Cause Accident

A large plate glass in the front display window of Abercrombie Brothers jewelry store was smashed late yesterday afternoon, when Tracy Cross and Oliver Carmel were scuffling, and one of the boys was thrown against the glass. Both of the boys narrowly escaped serious injury by the falling pieces of the heavy glass. The window was insured against breakage, but the costs will probably be assessed against the boys by the insurance company. The police on several oc- casions have had calls from business men about boys congregating on the streets, and wrestling in front of the business houses, and at a recent council meeting the subject was brought up, which resulted in the chief of police being instructed to arrest boys who were behaving in such a manner.

## INDICATE PEOPLE ARE STILL THRIFTY

Christmas Savings Clubs This Year  
Show Increased Number of Ac-  
counts and Totals

TO MAIL CHECKS WEDNESDAY.

More Than \$40,000 Will be Sent to  
Approximately 2,100 Members of  
Two Clubs.

More than forty thousand dollars which will go into the mails in the form of checks Wednesday morning, represents the savings during the year of Rush county people who have had accounts in the two Christ- mas Savings clubs in Rushville.

The clubs this year had more ac- counts and larger totals than last year, due to the war ending, in the opinion of the managers of the clubs. The sale of War Savings Stamps, which especially appealed to the class of people who usually patronize the Christmas Savings clubs, was not pushed as vigorously this year as last, which in a measure accounts for the increase in the Christmas savings of Rush county people.

The most favorable thing in con- nection with the clubs this year is that more accounts were continued throughout the year and paid out than last year. It is the belief that never before in the history of the Savings clubs did as high a per cent of the members keep up their pay- ments and take full advantage of the interest-paying scheme. This, it is pointed out, is another indication of the fact that as a rule people are more prosperous than they have been in years, though the price of practically everything is abnor- mally high. Although money is spent more freely by most people, the re- cords of the savings clubs for this year clearly show that the average person has not lost his thriftiness.

The clubs have always been very popular because they give people an opportunity and an incentive to save money weekly so as to be cer- tain of having money for holiday buying. It effects Christmas busi- ness also to have more than \$40,000, most of which is spent for gifts, distributed in the community all at once.

## THIRD DIVORCE IS TRIED HERE TODAY

Case of Buckner vs Buckner Follows  
Closely on Heels of Two Tried  
Saturday

MARRIED LIFE IS REVIEWED

Evidence Covers Period of 31 Years  
—Wife Unreasonably Jealous,  
Says Plaintiff

Following close on the two divorce cases heard in circuit court here Saturday, another case was heard this morning. Samuel Buckner was suing for divorce from Lethia Buck- ner. Mr. Buckner is custodian of the county court house, and both are well known colored people of this city.

Much Buckner filed a cross com- plaint, and much time was devoted this morning in hearing the evidence which covered a period of 31 years. Mr. and Mrs. Buckner were mar- ried over 31 years ago, and in relat- ing his cause for divorce, the plain- tiff went back to a period shortly after their marriage, when Mrs. Buckner accused him of undue in- timacy with other women.

Mrs. Buckner when testifying said that her husband 26 years ago this Christmas gave a white woman a silk handkerchief for a present, and that he was very intimate with this woman. She also named several women with whom he had been in- timate.

Mr. Buckner in his complaint al- leged that his wife was unreason- ably jealous and made life unbear- able for him. The court a few weeks ago granted Mrs. Buckner an allow- ance for \$10 a week. No decision was made in the case today by Judge Sparks after hearing the evidence.

The divorce case of Fender vs Fender sent here from Fayette coun- ty took much time Saturday after- noon for the evidence to be intro- duced, and many witnesses from Connersville were here to testify. Mrs. Nellie Fender brought suit for divorce and her husband Carl Fen- der, filed a cross complaint, and most of the evidence heard was from witnesses for the cross complainant. Mrs. Fender alleged cruel and in- Continued on Page Two

## FIRST OF WEEKLY MEETINGS TONIGHT

Further Plans For American Legion  
Membership Campaign Will  
be Discussed

BLANKS ARE DISTRIBUTED

The first of the series of weekly meetings of Rush Post 150, Ameri- can Legion, set for this month, will be held tonight in the court house assembly room, and the attendance of every former service man, regard- less of whether he is a member, is urged. A meeting will be held at the same place every Monday night in December during the progress of the membership campaign.

Blank forms to be used in re- cruiting members for the post were just placed in the hands of the com- mittee Friday evening and the com- mitteemen have not had much time to devote to the drive since that time. It is expected that more ex- tensive plans for the membership campaign will be made tonight. An effort was being made today to get representative men from some of the towns in the county, at the meeting this evening, so as to extend the campaign into every corner of the county.

A temporary organization was effected at the first meeting last Monday night and as soon as the membership drive ends permanent officers will be elected.

## CITY PLANT'S SAFE; AT LEAST 6 DAYS

Enough Coal to Last That Long With  
Prospects of Car Arriving  
From Louisville Soon

SITUATION BRIGHTER TODAY

New Restrictions Will Not Have to  
be Made For the Present—  
People Follow Rules

The city water and light plant has a five or six days supply of coal on hand now, according to Superin- tendent A. T. Mahin, although the city has not received any coal for several days. People are restricting themselves more on the amount of current used, and the coal supply has been extended, which is largely to the consumer's attitude toward the situation.

When the council met last Tues- day night, it was almost a certainty that a special meeting would have to be called within a few days and issue further restrictions, but today the prospects are much better. With a five or six day supply on hand, the chances are that an additiona- car or two will be sent here this week by the regional railroad direc- tor.

Superintendent Mahin stated that he had received word that a car was in Louisville, consigned to this city, and this car will probably reach here in a few days.

Many cities in this vicinity have felt the affects of the coal strike much worse, and at several places coal has been removed from school buildings and other public places in order to keep the plants operating.

It has been pointed out that should the conditions become serious enough here, that the schools could be closed, and the coal confiscated un- til the mines could produce enough to get things back to normal again.

The coal situation at the mines is a serious thing now, but since the re- cent government action, it looks now as if the miners would go back to work very soon. It will take many weeks however, after they go back into the mines, before coal can be mined and made ready for shipment.

It will also be months before enough coal can be shipped to re- lieve the serious shortage existing in every part of the United States be- cause the surplus has been exhaust- ed.

Even though the situation in Nashville is better than in most Continued on Page Two

## TWO MORE CAUGHT IN GAME WARDEN'S NET

Martin Clevenger and William Pea  
Admit Guilt and Each Stay Fines  
of \$5 and Costs

CITY FIREMAN IS RELEASED

Two more men were arrested late Saturday afternoon on charges pre- ferred by the deputy state game warden, Frank Baylor, and in each case, the men received a fine of five dollars and costs, which amount to \$20.40.

Mart Clevenger was found with a seine in his possession greater than 12 feet, and pleaded guilty.

William Pea was also arrested charged with having in his posses- sion a fish spear, which is a viola- tion of the state laws. In each case the fines were stayed.

Leslie Downey, who was arrested also, Saturday, charged with hunting without a license, was released from jail soon after being sentenced, his fine of \$18.25 being paid by the members of the fire department and other city officials. Downey is a member of the fire department.

## TWO TRAINS TAKEN OFF THE BIG FOUR

Big Four Passenger Due at 11:38 A.  
M. and One Southbound Due  
at 6:38 P. M. Dropped

IS EFFECTIVE WEDNESDAY

Freight Service is Also Reduced  
One-Half Due to Coal Shortage  
First Road Hit Here

The Big Four railroad announced here today that effective Wednesday, passenger trains numbers 44 and 43 will be withdrawn in compliance with the orders issued last week by the railroad administration. This is the first railroad passing through this city, that has announced a curtail- ment of passenger service.

The trains which will be dropped temporarily from the schedule are the ones going north at 11:38 in the morning and the southbound pas- senger, going through here at 6:38 in the evening.

It was also announced that the freight service will be cut, and be- ginning tomorrow local freights will be operated in each direction every other day, which means that north- bound trains will run three times a week as will the southbound freights.

The Daily Republican subscribers at Milroy will be discommoded by the change in passenger service, as the papers cannot reach Milroy un- til noon following the day on which the paper is published. As the short- ened service is only to be in effect during the coal crisis, the subscrib- ers are asked to be patient until the full schedule is restored.

It is expected that other rail- roads entering Rushville will soon issue a condensed time table. The Big Four in this part of the country has taken off, or soon will take off, 44 passenger trains, according to E. C. McMahon, local agent.

The I. & C. traction company was among the first in the state to re- duce its schedule, and has been op- erating for several weeks on a half schedule, which is due to the short- age of coal at the local power house.

## ELKS AT ANNUAL LODGE OF SORROW

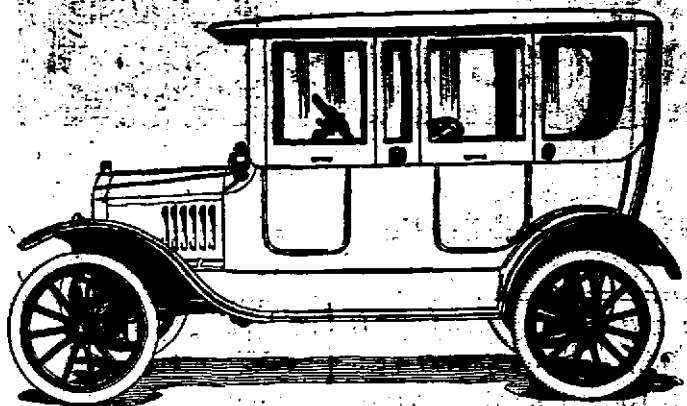

Perry Oneal Shows How Their  
Money Helped Salvation Army  
Make Record During War

MORE THAN HUNDRED ATTEND

More than one hundred Rush county Elks attended the annual Lodge of Sorrow Sunday afternoon at the lodge home and heard a short address by Perry Oneal, who served overseas as a captain.

Mr. Oneal spoke of the organiza- tion of the lodge and its foundation on principles of charity and patriot- ism, and pointed out that it was natural that the Elks should rally to the support of the Salvation Army, which was without funds to do its part among the soldiers at the open- ing of the war. Mr. Oneal comment- ed on the remarkable way the Elks aided the Army in the conflict, re- calling that the organization at first was even subject to ridicule because it was hindered by the lack of mon- ey. Through the financial help of the lodge, he showed that the Sal- vation Army made a record which had never been criticized. In clos- ing, he dwelt for a few minutes on some of the interesting experiences he had while overseas.

Lewis W. Henry, who died of pneumonia last winter, was the only member of the Rushville lodge who died since the last memorial service was held.

## Detroit Weatherproof All-Season Tops

You cannot get about in the traffic of city streets with as much ease and assurance if your car is equipped with clumsy, dirty side curtains. No other top on the market with a door that can be as quickly raised for signalling. The man behind appreciates this. In seasonable weather some drivers like to have the car all open. You can do this with a weatherproof, and have both vision and comfort. It takes but a minute to make the change. They are the lightest, most flexible, and sturdiest tops, weighing but little more than the folding top on your car.

## FOOL PROOF

## THE REASON WHY

When the Litchfield Company, the builders of "RUSHVILLE SPECIAL" Spreader, began making machinery way back in early history, most any old thing that would stand on four wheels and follow the horses could "pass muster." Today things are different. In building the "RUSHVILLE SPECIAL" Spreader for us, this company has made it as near fool proof as possible, not because our customers are more in need of this kind of a machine than others, but because we WANT THE BEST.

About fifteen to twenty years ago any spreader that didn't break down more than two or three times a day was considered a pretty good machine, and a spreader that didn't need "doctoring" more than once a day was something to brag about. Today the "RUSHVILLE SPECIAL" Spreader is hardly living up to its reputation if anything happens to it for which it is at fault, once a year—possibly once in five years. We call this pretty near fool proof.

It has been customary for dealers to lay in a good supply of repairs for the manure spreader they handle. When we took agency for the "RUSHVILLE SPECIAL" Spreader, our company advised that repairs would be promptly available, but that we would have very little business along this line. We have discovered the truth of this statement, as practically no repairs are needed.

You can't afford to delay. Now is the time to buy. Don't cheat yourself by cheating your farm when you fail to have the best service, the best spreader on earth can give it. Come in and let us prove to your satisfaction the truth of our assertions.

## INDIANA FOLKS

### Testify About Coughs, Colds, Lungs

Fort Wayne, Ind.—"At one time through exposure at the breaking up of a hard

winter, I caught a severe cold which settled on my lungs. This caused me to cough continually. It was so bad I had very little rest day or night, could not sleep, just about the time I would get to sleep I would have a severe fit of coughing. I soon began losing weight and grew weak. I kept getting worse all the time, until I was a walking skeleton. Three bottles of the 'Discovery' completely cured me of my cough and much to my surprise my heart trouble as well. I gained in weight and was once more hale and hearty. I am sure I owe my life to the use of the 'Golden Medical Discovery'."

—GEO. F. MICHELLE, 68 Portage Ave. Goshen, Ind.—"It is now about fifteen years since I had a wonderful demonstration with Dr. Pierce's Golden Medical Discovery. I had coughed night and day for a whole year and had lost so much flesh I began to look like a walking skeleton. Two of my sisters had died with tuberculosis and I felt certain that my time had come, too. A friend recommended Dr. Pierce's Golden Medical Discovery to my husband and it gave new strength and vitality right from the start, and in a year's time I was just as strong and hearty as ever."

—MRS. ELIZA TEETER, 415 Middlebury St. Muncie, Ind.—"When I had a severe cough, night sweats, loss of weight and appetite and the other things that lead to consumption, I was induced to try Dr. Pierce's Golden Medical Discovery. I took it faithfully for about 40 days, and gradually I gained; the cough disappeared and I put on flesh and got strong again. I took no other medicine at the time. I have had no cough for 14 years, since I was cured by 'Golden Medical Discovery'."

## R. R. Conductor Feels Fine, Now

**Captain Shackley Says Tanlac Was  
Worth Weight in Gold To  
Him.**

Most everybody who travels over the Chicago, Milwaukee & St. Paul railroad between Milwaukee and LaCrosse knows Capt. Leroy Shackley, the popular conductor on passenger train No. 6 and No. 101, making these two points.

Captain Shackley has been with the Chicago, Milwaukee & St. Paul for the past thirty-seven years. He has been a passenger conductor for thirty years and most of that time on his present run. For the past eight or nine years, Captain Shackley has lived at 177 14th St., Milwaukee, but he has also resided in Tomah and LaCrosse and numbers his friends by his acquaintance.

Captain Shackley has suffered much annoyance during the past five or six years on account of a disordered condition of his stomach and kidneys, and not being able to find relief through the ordinary treatment, he decided to resort to the Master Medicine, Tanlac. So a few weeks ago he purchased a bottle, which helped him so much that he bought another, then another, then another and so on. But let Captain Shackley tell his own story, in his own words. Here is his statement:

"Well, for a fact, Tanlac has done me more good than everything else I have ever taken, said Captain Shackley, while in the Central Drug Store at Milwaukee. "and I have been trying for the past five or six years to find something to put my stomach and kidneys in order. It seemed, however, the more medicine I took the worse off I got and at the time I began taking Tanlac I was in a mighty bad fix. I could not eat anything without bloating all up with sour gas and suffering severe pains. I had that lump like feeling, familiar to so many people, in the pit of my stomach, and I would often get so dizzy and blind that I could not walk straight. Usually after eating my heart would palpitate something awful and I would get very short of breath and feel like I was smothering. The small of my back pained me so I could hardly stoop over and straighten up, and it was an effort to me to get out of my chair. These pains would often strike me at night, and between my nervousness and misery I got very little rest. I could never eat anything in the mornings and that tired, no account feeling was with me all the time.

"About the wisest decision I ever made was when I made up my mind to try Tanlac. I now fully agree with others who have said that it's worth its weight in gold. Meal time comes too slow for me now and I can eat just anything I want without a particle of trouble afterwards, and I have already gained several pounds in weight. I sleep just fine, get up mornings ready for a hearty breakfast and feeling almost as good as when I first got my run, thirty years ago. The pains have disappeared from my back, the headaches and dizzy spells are gone, and my stomach really feels like a new one. In fact, I am feeling like a new man and I want everybody to know that Tanlac is what brought about the change."

Tanlac is sold in Rushville by F. B. Johnson & Co.; in Milroy by Dallas Cooper; in Manilla by Geo. J. Inlow, and Arlington by Mrs. L. T. Davis.—(Adv.)

## OVER \$400 WORTH OF SEALS IN THE MAILS

Three hundred and fourteen letters, each containing one hundred Red Cross Christmas Seals worth one dollar, were mailed today by the Tri Kappa sorority, which is in charge of the campaign in this county. It is expected that with few exceptions, recipients of the Seals will return one dollar in the self-addressed, stamped envelope which accompanied each letter. The letters explained the reason for mailing the Seals and asked each person to contribute one dollar in the war on tuberculosis. Three-fourths of the money derived from the sale of Seals remains here and is applied to the visiting nurse fund.

The sorority also mailed \$25 worth of Seals to Raleigh, Manilla, New Salem and Center school. Tri Kappas are teaching in each of these schools and their aid in the campaign was solicited. Booths will be maintained down town before Christmas for the purpose of selling Seals.

(By United Press.)

Indianapolis, Ind., Dec. 8.—Rollip H. Bunch, mayor of Muncie during the operations of the fake fight swindle gang in that city, came to Indianapolis today to turn himself over to federal authorities. With him was Horace G. Murphy, prosecuting attorney for Delaware county. The two men face two years imprisonment and must pay fines of \$1,000 each for accepting "protection" money from swindlers.

Besides Bunch and Murphy, there were Chauncey Stillson, proprietor of the Grand hotel at Muncie and his partner in business, Elmer Gentry. The gang used the hotel as its headquarters, working through agents in many parts of the country. Its operations netted the members of a total of more than \$150,000—an average haul of \$10,000.

Stillson will serve eighteen months and pay a fine of \$1,000, and Gentry will serve a year and a day and pay \$500.

The four men were convicted in federal court on charges of conspiracy to use the mails to defraud. They were given until today to wind up their affairs. Twenty-one others either pleaded guilty or were convicted.

The group was to start today for Atlanta in charge of United States marshals. They will be turned over

**Bad Policy, Bad Fruit**

While the business of writing notes between Washington and Mexico City, in consequence of the Jenkins case, goes steadily on, it may be worth while to recall that as long ago as 1916 Secretary Lansing for the administration made it plain that American citizens who chose to remain in Mexico need not expect the protection of the United States.

This matter was taken up by some of the supporters of the President and they made use of it in advocating his reelection. That is to say, it was urged that Americans in Mexico were adventurers, there for commercial and kindred purposes, and that they were not entitled to protection. Attention was directed in some quarters by the disciples of the administration to the fact that his was a desirable departure from the policy of Great Britain in standing by its citizens wherever they went and standing by them with arms and ships if need be. Likewise, it was a departure from the time when the citizen of Rome, wherever he might be, felt proud and secure in the announcement, "I am a Roman citizen."

In the light of such things as the Jenkins case, and the experience of scores of outraged Americans who have been killed or imprisoned in Mexico, the conclusion can hardly be escaped that one of the sorrows of the present trouble, which seems to be drifting from bad to worse, and is leading to talk of intervention, is the course of the administration in letting it be known an American cit-

izen, especially a citizen, would not be fully protected in the world over. The instant that became known, the door was open to all kinds of influences, to wrongs against Americans and to aggravations which inevitably lead toward a clash. Instead of the administration's policy making for peace, as so many were led to believe in 1916, events demonstrate that it has done the exact opposite.

**Something to Do**

Our old friend congress is back on the job again.

Assuming that our distinguished servants are there to execute the will of their masters, the people, we have the unblushing temerity to suggest that they have a plenty to do.

Among the more important matters which demand attention, are:

1. A conclusion of the peace treaty with Germany.

2. Settlement of the league of nations mess in a manner which will be at least in a measure satisfactory to the American people.

3. Final and effectual eradication of that old, cankered sore in the American side—Mexico.

4. Adjustment of the strike nuisance in such a manner that the consuming public will no longer be the goats for both capital and organized labor.

5. Suppression of the wild and an-

The following case is but one of many occurring daily in Rushville. It is an easy matter to verify it. You cannot ask for better proof.

A. M. Younger, retired farmer, 828 W. Tenth St., Rushville, Ind., says: "I have been using Doan's Kidney Pills off and on for about ten years and they have done me good. When I am as old as I be as apt to have more or less trouble with my kidneys. At times I have had a dull ache across the small of my back and my back has been weak and lame. Then the kidney secretions have been too frequent in passage, causing me to get up at night. Every time I have been that way, I have bought a box of Doan's Kidney Pills at Johnson's Drug Store, and they have never failed to relieve me in a short time."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Younger had. Foster-McBurn Co., Mfrs., Buffalo, N. Y. Adv.

**Feel Old?**

Overwork, worry, anxiety or sorrow undermines strength and health. These causes contribute to kidney trouble, and weak or diseased kidneys make one feel old in middle age.

**Foley Kidney Pills**

help weak, overworked or diseased kidneys and bladder so that the system is free from waste and poisonous matter that causes one to feel old, tired, languid. They banish backache, rheumatic pains, sore muscles, stiff joints.

Mrs. J. D. Miller, Syracuse, N. Y., writes: "For many years I suffered with kidney trouble and rheumatism. I had a severe backache and felt miserable and all played out. I got to a place where I had to do something. After taking two bottles of Foley Kidney Pills I can say my backache is gone, and where I used to lay awake at night with rheumatic pains I can now sleep in comfort and enjoy a good night's rest."

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

Sam Bernard tells a good one about a German-American policeman who was annoyingly important. Several young men were loitering on the corner and he took hold of one and said:

"I am a policeman. Here is my badge. You are arrested. In other words, you are pinched!"

"What for?" queried the alleged culprit.

"Dot is my business. Come along."

It was a very windy night and a terrific blast lifted the prisoner's hat and whirled it a hundred feet down the street. Unconsciously he started to jump for it, but the rude arm of the law held him back.

"Let me go get my hat," said the prisoner.

With a lofty smile, a very wide and generous smile of superiority, the officer said:

"No, you don't! You can't fool me! I am a policeman. See my badge? YOU stand here undt I will go and get dot hat!"

Miss Margaret Holbrook of this city, who is employed in Connersville, will make her future home in Connersville.

# Appropriate Gifts Of Special Merit for Women and Girls

The things that women appreciate above everything else are the practical gifts for everyday use—things that the recipient would buy for herself.

And then, too, you raise her opinion of you just another bit higher when you present her with something practical and sensible—something she would buy for herself.

Everytime she wears the Scarf, the Waist or the Sweater or the Coat, or the Furs, or the Hose, or the Dress, or the Gloves which you gave her, she thinks of you. Everytime some friend speaks a word of admiration for the gift you made her, it brings a happy recollection of you.

Every time she sees the ornamental, perhaps, but unuseful gift of someone else, she unconsciously remembers you for your practical, useful and sensible gift of something to wear.

So, when you select a present for "her" remember, women are practical. They cherish the memory of a practical, useful gift, but soon forget the opposite kind.

And make your gift to "her" something she will really like better than all the presents she receives—let it be something she can wear.

And don't lose sight of the fact that women instinctively know that anything which bears this store's label is absolutely right in style and dependable in quality.

It will pay you to shop during the morning hours.

LADIES' READY TO WEAR

Purchases made now will be held and delivered Dec. 24th.

A dance will be given in the Sampson hall tomorrow evening in Arlington. Special music will be provided. All those desiring to attend are requested to meet at the I. & C. station at 7:30 o'clock where trucks will be provided to take them to Arlington.

Mr. and Mrs. Ernest Mull entertained with a noonday dinner party yesterday at their home southwest of the city, the following guests: Mr. and Mrs. Fred Brown, Mr. and Mrs. Russell Barringer and family, Mr. and Mrs. William Kuhlman and Mr. and Mrs. Charles C. Brown.

Martha Poe Chapter No. 143 O. E. S. elected the following officers at their regular meeting Friday evening, Dec. 5th: Josephine Arbuckle, worthy matron; S. G. Rucker, worthy patron; Nora Hinkle, associate matron; Katherine Bobout, treasurer; Mary Poston, conductress; and Nellie Sweet, associate conductress.

Mr. and Mrs. Fred Posey, who were recently married, entertained at their newly furnished home west of the city yesterday with a dinner party. The centerpiece for the table was a French basket of fruit, and covers were laid for Mr. and Mrs. Charles Nordloh, Mr. and Mrs. Jefferson Leisure and son Lowell, Mrs. Laura Posey and daughters, the Misses Jessie and Ethel Posey, Mrs. Lou Weritz and Mr. and Mrs. Charles Hugo.

## SALARIES ONLY \$2,000.16

Flagmen at the Sexton and Arthur street crossing of the C. I. & W. railroad dispute the assertion of an official company, who was here last week, that to do away with the two flagmen would mean a saving of \$2,800 a year. They stated today that their combined salaries were only \$2,000.16 a year. The company will propose to the city council that it be allowed to abolish the flagmen's jobs and install signal bells.

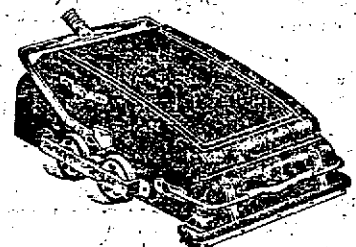

## SENT TO JUVENILE COURT

Tracy Cross, 15 year old son of Mr. and Mrs. Chester Cross was arrested last night by Policeman Lemons, after he had driven his machine through the business part of the city with the muffler open. In court this morning Mayor Irvin bound him over to the juvenile court, as his age prevented the charges being preferred in police court.

## HAVE COLOR IN CHEEKS Be Better Looking—Take Olive Tablets

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must keep your body free from poisonous wastes. Dr. Edwards' Olive Tablets (a vegetable compound mixed with olive oil) act on the liver and bowels like calomel—yet have no dangerous after effect. Take one nightly and note results. They start the bile and overcome constipation. That's why millions of boxes are sold annually. 10c and 25c.

## Build In These Conveniences Yourself

Why not have a bathroom? A Beaver Board partition will provide the proper space—and without muss and litter.

This is just one of the handy uses you'll find for Beaver Board about the farm. These knotless, crackless panels of manufactured lumber are just as good for new building as they are for remodeling and repairing.

You can easily do the work yourself. All that is necessary is hammer, saw and nails. You are sure of a permanent job, because these sturdy panels cannot warp or buckle. An exclusive "Sealtite" process of surface sealing and sizing protects them from weather, moisture, or climatic changes.

Next time you are in town, call and see these convenient lumber panels for yourself. Or phone or write us for samples, prices, and estimates.

### Jesse French Player Piano

—It is so thoroughly enjoyable to a lover of music as a beautiful composition artistically rendered. Nothing is quite so distressing to the sensibilities as discordant notes and expressionless drumming. Everyone and anyone can faithfully produce the composer's genius and the artist's touch on one of these piano-players. A child or a novice can perform with a master's execution. Then, too, one of these fine instruments is a wonderful decoration to the home—a Christmas gift of enduring pleasure, entertainment and luxury.

### UNABLE TO STOP FAST VISITORS

Rushville High School Basket Ball Team is Defeated by Columbus Saturday Night, 35 to 17

#### NO FIELD GOALS FIRST HALF

Locals Stronger in Second, Making Score 10 to 7, But Couldn't Overcome Lead

The Rushville high school basketball team was unable to stop the fast playing of the Columbus team here Saturday night, and the visitors had a walkaway, winning by the score of 35 to 17.

The local team showed signs of fatigue and lacked their usual pep, which was probably due to the fact that they had played a strenuous game the night before. Before the end of the game Coach Sarton had used all of the regular players, including the substitutes, and they were unable to check the goal shooting of the Columbus team.

The visitors had their shooting eye with them, and it was an easy task for them to hit the basket from any angle on the floor, making some very good shots from distant points. The local five got a bad start in the game, and was unable to make a field goal in the first half, counting only three points on foul goals.

When the first half ended the visitors had ten points and the locals three, and in the second half the score began to get extremely one-sided, as Rushville began to weaken.

Shortly after the second half began, the local team staged a rally and made the score 10 to 7, but at this point in the game, Headlee, captain, was knocked out and had to be taken from the game. He sustained a rap in the back, which knocked him to the floor, and it at first looked as if he was seriously injured. Lowell Headlee was sent in at center.

Moore started the game at forward but was replaced by Gray,

### A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain. Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds on the chest. Nothing like Musterole for croupy children. Keep it handy for instant use. 30c and 60c jars; hospital size \$2.50.

and later Gray was replaced by Tittsworth. Miller and Eakins for Rushville played a good game, and each made two goals in the last half, under a big handicap.

Most of the teams here so far this year, have been composed of much heavier and taller players than the local team, and Columbus was no exception. I. Gearhart, center for Columbus, was a giant, and had easy sailing in tipping the ball through the hoop. He made a total of 8 field goals.

The local quintet will work hard this week in preparation for the Franklin game at Franklin next Friday. They do not anticipate winning, as Franklin has the strongest team in the state this year, defeating Spiceland the other night by the score of 37 to 4, the four points being made on foul goals, and on last Friday the Columbus team 43 to 17.
